

## Flower Four

Maximilian Hecker

All that grief in my teeth  
And all this running for love  
No, I can't stand anymore  
That your sweet eyes don't watch me

And I believe in no gods  
But what leads me to you?  
And so I'll start to love your face  
And in the end I will love you

So I'll play just this song  
And maybe I've been wrong  
So I'll play just this song  
But what if you are gone?

So take me home
