Maxwell

Let me groove with you momma
'Cause I can't take it any longer
Come on and dance with me baby, dance with me

I've got my eye on you
I watch the way you groove
You look so very cool
The way your body moves

Oh yeah, I like the way you shake your body all around, yeah
Oh, so damn glad you came but I just wanna get down, so

Let me groove with you momma
'Cause I can't take it any longer
Come on and dance with me baby, dance with me

Let me groove with you momma
'Cause I can't take it any longer
Come on and dance with me baby, dance with me

I've got my eye on you
I watch the way you groove

But don't you know that I like the way you shake your body all around?
I don't wanna play no games I just wanna get down

Let me groove with you momma
'Cause I can't take it any longer
Come on and dance with me baby, dance with me
