

# Fistful Of Tears

Maxwell

Feel just like a weight has lifted it  
How can I repay you help me understand  
Currency a fistful of tears I can afford  
Fight of your life is not the cost  
Time will reveal  
All along you're the one who's losing

Cause I go insane  
Crazy sometimes  
Tryin you to keep you from losing your mind  
Open your eyes  
See what's in front of your face  
Save me my fistful of tears

You can make it disappear girl  
All you got to do is just raise up, face up, stay up  
All things will heal we'll feel it with a kiss from the skies  
Don't' you let it go  
Don't' you let it go

Cause I go insane  
Crazy sometimes  
Tryin you to keep you from losing your mind  
Open your eyes  
See what's in front of your face  
And save me my fistful of tears

We gon fight the war  
We gon fight our fears  
The only thing I wanna throw is a fistful of tears  
We gon fight the war  
We gon fight our fears  
The only thing I gotta throw is a fistful of tears  
We gon fight the war  
We gon fight our fears  
The only thing I wanna throw is a fistful of tears

Cause I go insane  
Crazy sometimes  
Tryin you to keep you from losing your mind  
Open your eyes  
See what's in front of your face  
And save me my fistful of tears

Cause I go insane  
Crazy sometimes  
Tryin you to keep you from losing your mind  
Open your eyes  
See what's in front of your face  
And save me my fistful of tears
