In the darknes of the night, a child cries
She is voodoo but she speaks as she dies
She said "Mummy don't you cry, please don't cry"
Oh oh voodoo takes me to the sky

If you leave me comprehend I'll be there
And when children only... I don't care
It's the mystery in voodoo style
We will never forget the voodoo child

In the darknes of the night, a child cries
She is voodoo but she speaks as she dies
She said "Mummy don't you cry, please don't cry"
Oh oh voodoo takes me to the sky
