

Bloodline Forfeit

MaYaN

When the night fall,
The streets are full of rage,
We're out for mayhem
You'd better stay away
Bloodline forfeit
Anonymous threat
Bloodline Deceit
Bloodline forfeit

We cant turn back time
We'll have to face our acts
You can't fool around with trust forevermore
You won't pass

When the night falls
The streets are our domain
You can't hide yourself
You'd better stay away

We can't turn back time
We'll have to face our acts
You can't fool around with trust forevermore
Our spirts will separate
Our blood will never blend
As the time goes by you'll be forgotten
You won't pass

We can't turn back time
We'll have to face our acts
You can't fool around with trust forevermore
Our spirts will separate
Our blood will never blend
As the time goes by you'll be forgotten
You won't pass
The bloodline forfeit
