

Enemies of Freedom

MaYaN

"The only thing that stops
A bad guy with a gun
Is a good guy with a gun"

Stand up and fight for values
Don't touch our self-defense
As our acquired rights are incontestable

Rise against those bastards
Who want to take control
Over all our ancient acquirements

You, who are a threat to freedom
We can't accept more deaths, all caused by maniacs
It's a fundamental right of defend ourselves
But not at any cost in the world

You, who will constrain our freedom
There's a line to be crossed
Our safety will just decline through your acts
We won't bleed for your, your quest to score

No!

When basic rights
Are at stake
Tension will rise
So many emotions
Clash

Don't strive for recognition
Demand what we deserve
As our noble duties are explicit

Declaw the cats and let coyotes attack
Is that what you aim for?
Is that what you wanna get?

You, the fatal thrust to freedom
We can't ignore the mess all caused by lunatics
It's a sentimental charge without reason at all
We won't bleed no more, fight another war

When basic rights
Are at stake
Tension will rise
So many emotions
Clash

"Why is the idea of a gun good when it's used to
Protect the president of our country, or our police
But bad when it's used to
Protect our children in our schools?"

Di sangue sporche già
Le mani vostre sono
Fermate questo scempio

Del male ci farà

It's not about the danger, it is about control
It's not about your safety
You're trapped in a preconceived pitfall

It's not about the weapons, it is about control
It's not about your safety
You're trapped within a mad and foolish rat race

When basic rights
Are at stake
Tension will rise
So many emotions
Clash and bash

When basic rights (When basic rights)
Are at stake (Are at stake)
Tension will rise (Tension will rise)
So many emotions (So many emotions)
Clash (Clash)
