

# The Savage Massacre In The Eyes Of Law Pizzo

MaYaN

Courage, the overture to bring about a change  
The first will be remembered as a hero  
From the grave  
They will gain status that could open the cage  
Before our rights are emptied to zero

You decide  
Pay the low or highest price  
Sacrifice

Who hold the rights  
(To) bind and dissuade us  
Cities in lights  
Shield their sadists

Cowardice, progression to oppression and decay  
It ceased to be the answer for all  
Soon you will see  
In the long run loyalty will never be repaid  
Comformity is spelling out your doom

Who hold the rights  
(To) bind and dissuade us  
Cities in lights  
Shield their sadists

Sta bruciando qua  
Una manaccia  
nessuno ti aiuterà`  
Sta bruciando qua  
Una manaccia  
Il fumo nella città`

You decide  
Pay the low or highest price  
Sacrifice  
Savage Bastards  
Good for nothing
