

# All on Me

Mayday Parade

I'm homesick  
I've got a lot on my mind  
I'm pathetic  
I never know when I'm right  
I'm rock bottom  
I'll paint a smile for now  
I've got a feeling your the reason  
I will let you down, down, down

I'm lonesome  
I'll send a photo for that  
I'm on fire  
Your the flame in my head  
That I can't put out

Maybe I'm the first one  
To fall apart on my own  
Don't act like I'm the first  
Why don't you stand in line?  
You watch me do it again

I'm blaming everything that's happening  
All on me, all on me  
And who will be the first to finally see  
And save me, save me?  
We're all liars and let truth be told  
I'm lost and so afraid

And I won't come down  
Your the song in my head that I can't get out

Maybe I'm the first one  
To fall apart on my own  
Don't act like I'm the first  
Why don't you stand in line?  
You watch me do it again

I'm blaming everything that's happening  
All on me, all on me  
And who will be the first to finally see  
And save me, save me?  
We're all liars and let truth be told  
I'm lost and so afraid  
To tell you everything that's happening  
So blame me, blame me

Maybe I'm the first one (2x)  
Why don't you stand in line and watch me do it again?

I'm blaming everything that's happening  
All on me, all on me  
And who will be the first to finally see  
And save me, save me?  
We're all liars and let truth be told  
I'm lost and so afraid  
To tell you everything that's happening  
So blame me, blame me

(I'm blaming everything that's happening all on me, all on me)  
I'm lost and so afraid of what's to come  
(And who will be the first to finally see, and save me, save me?)  
I'm lost and so afraid of what's to come
