Key to the Storms

Penetrate the lions at the gates Illusions flow After the next Iron Age Mankind lost The ships of flames rise to the sky Annunaki on board

Watcher searches inside the thoughts Inner waves corresponding outer frequencies Rider falls down The slave set free

Unknown path The ways to wisdom are hidden Shall the speaker silence

And the memories fade apart Like the new attraction of outer space

Where the atomic corpus melts Beyond the source of fears

Watcher sits on the borderthrone of insanity Giving solution of existence from nonsense
