

Flashback of lights  
Phantom halos come to life

Black piercing eyes  
Nocturnal visit of the fourth kind

Petrified paralyzed  
I hover above beyond myself

On the chrome altar  
The seed of implanted  
I was chosen to carry  
They told me to be proud

Behind lights are shapes of horrors  
No feelings no emotions  
Spikes of electrodes  
Injected into the skull

Encoded amnesia  
Hall of nightmares  
Dark rift of the soul  
Ascension  
Descension
