Psychic Horns

Subordination to another will Sophisticated subtle techniques Mind psyche wide opened Stimulated triggers Thought forms of malevolence and fear In the veins of the floating genocide Robot of voids by ultrasonic stimulations

Holds down the vibrational field

Rituals take place on grid of vortex points Terror horror and hatred created

Worship of deconstructive negative pole R-complex evolves the vril-force

Nourishment for the non-physical forms To contact and manifest entities of another world

Flying through the depths of space Someonels hand on the wheel From where the lizard eye Focuses the infinite line of alienation

Enter the gate of eternal lights Appear another existence form The immerge bended into the abyss Inner world in the depths of the planet Where the inverted sun never set Illumination the enormous entities Hiding them from the human eyes Converse tubes to the surfaces and back Only certain chosen can enter Mayhem
