

# Psywar

Mayhem

Human labrats terrorized  
Altared personas triggered  
Stalked individuals irradiated

Torture, submission  
A detour to suicide

Disassociation  
Subhumanization  
Born behind enemy lines  
The battlefield is our minds

Phoenix from the ashes of failure  
Velon bloodprime  
Your souls undermine  
Symbols burned inside

Psywar - pull the trigger  
Psywar - kill the target  
No future  
Lost forever  
Psywar  
End of torment
