## **Head To The Sky**

Keep your head to the sky Keep your head to the sky

Master told me one day I'd find peace in every way But in search for the clue Wrong things, I was bound to do

Keep my head to the sky For the cloud to tell me why As I grew, oh, in strength Master kept me as I repent

And He said "Keep your head to the sky" He said "Keep your head to the sky"

He gave me the will to be free Purpose to live His reality And I found myself never alone Changes came to make me strong

He said "Maysa, be all you can 'Cause you need faith in your life to understand" So we're saying for you to hear Keep your head and face that what's fear

Keep your head to the sky Keep your head to the sky

Keep your head to the sky And the clouds will tell you why The clouds will tell you why I said, keep your head to the sky And the clouds will tell you why every time Told you why now

Keep your head to the sky And the clouds will tell you why The clouds will tell you why I said, keep your head to the sky And the clouds will tell you why every time You're free and beautiful to me

Keep your head to the sky Keep your head to the sky Keep your head to the sky Keep your head to the sky

Father, please bless me today And expand my territory With Your hand to guide me Keep me from evil And causing anyone any pain, amen
