

# Simple Life

Maysa

Sunlight, water and earth  
A simple life

Day new, day old  
No passing day goes by  
My mind's on you  
By full light, half light and  
Even at midnight  
My mind's on you I thought...

Sunlight, water and earth  
Is all I desire  
Sunlight, water and earth  
A simple life

Moth to the flame  
My heart is a hunter and  
I am prey  
Nothing to be done now  
But open up my eyes to the one I love

Chorus

(There's the sweetest melancholy)  
Fine shade of blue  
(There's the sweetest melancholy)  
When I look at you  
(There's the sweetest melancholy)  
Fine shade of blue

(Scat)

(There's the sweetest melancholy)  
Fine shade of blue  
(There's the sweetest melancholy)  
When I look at you  
(There's the sweetest melancholy)  
Fine shade of blue

Chorus

(Repeat 3 xs)
