

Dance With Me

Maywood

Whatever you say, whatever you're doing, my darling.
I know every day seems like a present, my darling.
I'm ready for love, and so are you now.
Yes, I know, yes, I know that it's true now.

Dance with me, hold me tight, never let me go.
'Cause the love I feel inside of me
Gives me hope to carry on.
Dance with me, hold me tight, let the music play.
Such a perfect night for lovers,
Can't it always be this way.

Whatever is yours, will be mine by tomorrow.
We share all our dreams, we share all the love and the sorrow.
I'm ready for love, and so are you now.
Yes, I know, yes, I know that it's true now.

Dance with me, hold me tight, never let me go.
'Cause the love I feel inside of me
Gives me hope to carry on.
Dance with me, hold me tight, let the music play.
Such a perfect night for lovers,
Can't it always be this way.

[2x:]

'Cause the love I feel inside of me
Gives me hope to carry on.
Dance with me, hold me tight, let the music play.
Such a perfect night for lovers,
Can't it always be this way.
