

Friday Night

Maywood

Worked all day, it was a mess.
Did my job without success.
Better luck next time, they're telling me.
Why don't you get off your chair.
Go and get yourself some air.
Monday is another day, you see?

Friday night,
Means you have to take a chance.
Friday night,
Start the week-end with romance.
Don't know why...
I'm not in the mood to dance.
Make it right,
Friday night.

Wish that I could disappear.
I feel I'm not wanted here.
I never seem to make a move, that's right.
Pushed away and turned around,
Felt my feet upon the ground.
Move towards another Friday night

[2x:]
Friday night,
Means you have to take a chance.
Friday night,
Start the week-end with romance.
Don't know why...
I'm not in the mood to dance.
Make it right,
Friday night.

Friday night.
