

## Gone Without A Reason

Maywood

You walked me home after school  
You carried my bag and my jacket  
Most of the children just envied my friend  
They were so jealous of me at the end  
Maybe we lived in a dream  
Maybe we were only children  
Now that I'm older and now that you're gone  
I still don't know what went wrong

My love (my love), for you (for you)  
Will never die, that's true  
Somehow I feel that I lost a friend  
Can I accept it, maybe I can't  
Gone without a reason, like the wind

I will remember your smile  
I will remember the morning  
Thunder and lightning came out of the sky  
I was so scared that I felt I could die  
You held me close in your arms  
Finally we were together  
Now that I'm older and now that you're gone  
I still don't know what went wrong

My love (my love), for you (for you)  
Will never die, that's true  
Somehow I feel that I lost a friend  
Can I accept it, maybe I can't  
Gone without a reason, like the wind

My love (my love), for you (for you)  
Will never die, that's true  
Somehow I feel that I lost a friend  
Can I accept it, maybe I can't  
Gone without a reason, like the wind
