

I Believe In Love

Maywood

Let us live the way it should be.
Love and understanding.
Why can't we all live in harmony,
be happy with the morning light?

I believe in love,
final destination.
I believe the truth will survive.
Equal share for the rest of our life.
I believe in love.

Make a stand, don't be so weak.
You've got to know that somewhere
there's a place where we can live,
be free for the rest of our life.
