

## If You Wanna Be Free

Maywood

Life isn't worth a single dime,  
If you haven't got the time.  
Love, love is such a precious thing,  
Hold on - it's everything.  
Two, it takes two to make a pair,  
But remember baby.

If you wanna be free,  
Take your chance, don't blow it,  
Don't be afraid to show it.  
If you wanna give it a try,  
Go on (go on), try it.

Hands, they reach out to shake and say:  
"We can make it all the way".  
Some never get a chance to win,  
But it doesn't matter.

If you wanna be free,  
Take your chance, don't blow it,  
Don't be afraid to show it.  
If you wanna give it a try,  
Go on (go on), try it.

Hey, you're a stranger, but it seems,  
I once saw you in my dreams.  
Blue was the colour of your eyes,  
And just now I realize.  
Kids, we were kids, now you're a man.  
We were fools together.

[3x:]  
If you wanna be free,  
Take your chance, don't blow it,  
Don't be afraid to show it.  
If you wanna give it a try,  
Go on (go on), try it.
