

Live It Up

Maywood

Looking in the mirror.
Is this what I want out of life?
Crazy thoughts surround me.
Ooh, I feel I'm coming alive.
Gonna break away the fences,
Taking all my chances.

Live it up, don't pull me down.
No use pretending, you can turn me around.
Who's gonna know what to do about it?
I'm alive! Can't you see?
If you got a problem, don't take it out on me.
You gotta know what to do about it.

I was kinda desperate.
Standing on my own two feet.
Now I've come to tell you.
That's the only thing I need.
Gonna break away the fences,
Taking all my chances.

Live it up, don't pull me down.
No use pretending, you can turn me around.
Who's gonna know what to do about it?
I'm alive! Can't you see?
If you got a problem, don't take it out on me.
You gotta know what to do about it.

Gonna break away the fences,
Taking all my chances.

Live it up, don't pull me down.
No use pretending, you can turn me around.
Who's gonna know what to do about it?
I'm alive! Can't you see?
If you got a problem, don't take it out on me.
You gotta know what to do about it.

Live it up, oh, don't pull me down.
No use pretending, you can turn me around.
Who's gonna know what to do about it?
'Cause I'm alive! Can't you see?
If you got a problem, don't take it out on me.
You gotta know what to do about it.

Live it up, oh, don't pull me down.
No use pretending, you can turn me around.
Who's gonna know what to do about it?
I'm alive! Can't you see?
If you got a problem, don't take it out on me.
You gotta know what to do about it.
