

My Love For You

Maywood

Underneath the moon and the golden sky
We walked on by the sea
Wake up and see how you're safe and sound
You look so heavenly
I've made a wish upon a falling star
I'm gonna love you just the way you are

My love for you is like a Sunday morning
Young and free, like a silent dawning
I want you, I need you
I'm gonna tell the world I found him at last
My love for you is like a stormy weather
It rushes by, but when we're together
We know this love can only grow

The warm expression upon your face
In many ways it's real
Sometimes I'm scared I might lose your love
That's just the way I feel
You're always with me when you're miles away
Just let me say the words I wanna say

My love for you is like a Sunday morning
Young and free, like a silent dawning
I want you, I need you
I'm gonna tell the world I found him at last
My love for you is like a stormy weather
It rushes by, but when we're together
We know this love can only grow

This love can only grow

My love for you is like a Sunday morning
Young and free, like a silent dawning
I want you, I need you
I'm gonna tell the world I found him at last
My love for you is like a stormy weather
It rushes by, but when we're together
We know this love can only grow

My love for you is like a Sunday morning
Young and free, like a silent dawning
I want you, I need you...
