

Stay With Me

Maywood

I wanna wake up and see your face.
A sight so full of emotion.
Life is only a dream away.
I'll be your guide till the break of day.
And you'll inspire me again and again.

So many memories stay inside,
so many words unspoken.
You've become a part of me.
Like a leaf that belongs to a tree.
The more I think of you, I know...

Stay with me
till the end of time.
Hold me close.
We were meant to be.
Don't say a word, but
stay with me.

Life isn't easy, it never was.
It never will be for certain.
We're all alike when we close our eyes.
When we awake, there is a strange disguise.
A magic moment everywhere.

Stay with me
till the end of time.
Hold me close.
We were meant to be.
Don't say a word, but
stay with me.

Oh, stay with me
till the end of time.
Hold me close.
We were meant to be.
Don't say a word, but
stay with me.

Don't say a word, but
stay with me.
