

A Place In My Heart

Maze

Love don't need no foolish stories
And I don't need to lie to you
What you do for me is wonderful
You have been so doggone true
I don't know just where you come from
Seems you've been here from the start
All I know is that your good to me
And you've won yourself a
Place in my heart

I am feelin' something different
I feel it deep inside of me
You have givin' me such tenderness
You can't tell me you don't see
I just know that I love you baby
I hope we'll never never ever part
I just know you've been so good to me
And you've won yourself a
Place in my heart
