

All Night Long

Maze

Can you dig it are you listenin'
People want to know what's going on
It's ashamed what we're doing
Brothers why can't we get along
This ain't some game we're playing
We got people scared to even walk the streets
It ain't right and you know it
You never know just who your gonna meet

If we're to change this madness
We are gonna have to take a stand
We can make it better
No one else will do it's up to me and you
We got to try to keep it strong
If it take us

All night long
All night long
All night long
All night long

My brothers and my sisters
We have got to find a better way
To much hate in the mix y'all
We just can't take it much longer
Tearing down our own community
We gotta stop change direction
Find our way back to the family

We gotta teach eachother
If you think you know a thing or two
We can make it better
Do it for yourself do for someone else
We got to try to make it strong
If it takes us

All night long
All night long
All night long
All night long
