

Happines

Maze

You've given me happiness and I really love you
I've been thinkin of you ever since the day we met
Given me happiness and I feel the fire burning with desire
And I swear I won't forget

Can you tell what you have done for me
You opened up my eyes and I see
We've stood through the test of time
And oh I'm glad that your mine ooh

And you've given me happiness and I know it's real
Girl you make me feel so good and I know
That you belong to me
Given me happiness the way you show you care
And how your always there for me
It's like I'm in a dream

You just came along and won my heart
It happened from the very start
I thank god for who you are
Your my bright shining star ooh

You belong to me
