

Love Is

Maze

Love Is
Love Is
Love Is
Love Is

Take a look around you you can see what's going on
Sometimes I know it can really bring you down
Before you get to low take a look inside yourself
And you will realize there is plenty love around

I know one thing there nothing we can't do
We've got to believe that love will see you through
I 'll give you my heart you give me yours
What about this

Love Is
The little things you do for somebody else
Love Is
When your givin' this your givin' of yourself

Ain't the world crazy it's the things that people do
I'll never know how we can be so cruel
Then something deep inside of us
Help us to understand one thing
No matter what love will always be the rule
I know one thing there nothing we can't do
We've got to believe that love will see you through
I 'll give you my heart you give me yours
What about this

Love Is
Love Is
Love Is
Love Is
