Maze

Love Is  
Love Is  
Love Is  
Love Is

Take a look around you you can see what's going on  
Sometimes I know it can really bring you down  
Before you get to low take a look inside yourself  
And you will realize there is plenty love around

I know one thing there nothing we can't do  
We've got to believe that love will see you through  
I 'll give you my heart you give me yours  
What about this

Love Is  
The little things you do for somebody else  
Love Is  
When your givin' this your givin' of yourself

Ain't the world crazy it's the things that people do  
I'll never know how we can be so cruel  
Then something deep inside of us  
Help us to understand one thing  
No matter what love will always be the rule  
I know one thing there nothing we can't do  
We've got to believe that love will see you through  
I 'll give you my heart you give me yours  
What about this

Love Is  
Love Is
