Songs Of Love

Maze

We should be singing
We should be singing our
Songs of love
We should be singing our
Songs of love
Better learn to live together
That's the only way it should be
We can't make it without eachother
That's the cold reality
Better stop acting like we're crazy
Heaven knows we need a break
Cause we all have to live so let's think positive
How much more are we gonna take
We should be singing
We should be singing our
Songs of love
We should be singing
We should be singing our
Songs of love
I appreciate your freedom
I just think we could do more
In stead of bitchin' about your problems
There are things to thankful for
We've got to change up our thinking for what is right
Take a chance my man give it all you can
Make up your mind stop wasting your time
Give it up give it up give it up right now
Songs of love
Songs of love
Songs of love
Songs of love
We should be singing
We should be singing our
Songs of love
We should be singing
We should be singing our
Songs of love
