

Travelin' Man

Maze

Everything I do I do some for you
You're the one I'm thinking of
And it seems to be pretty plain to see
You should never doubt my love
I'm a travelin' man do the best I can
Girl I've got a lot to do
No matter what that say I'll make things ok
All my love belongs to you

Feel so good your love your love
Feel so good your love your love

If you start to fade I'll come to your aid
What you do for me is fine
Right or wrong I'm here
You don't have to fear
I know that your mine all mine
I'm a travelin' man do the best I can
Ooh I've got a lot to do
No matter what that say I'll make things ok
All my love belongs to you

Feel so good your love your love
Feel so good your love your love
