

When You Love Someone

Maze

What about my heart
What about the feelings I feel Inside
That I can not hide
Do I just give in
Or do I pretend that she's not there
As if I didn't care

You can't tell me it ain't right
You can't tell me it ain't right
You can't tell me it ain't right
When you love someone

What I'm I to do
To think I could lose your love
I just couldn't bear
Didn't know it could
I never thought it would go this far
It just isn't fair

You can't tell me it ain't right
You can't tell me it ain't right
You can't tell me it ain't right
When you love someone

I could be wrong maybe it's true
You fall in love and you don't know what to do
Caught in the middle believe me it's real
And I just can't help the way that I feel

You can't tell me it ain't right
You can't tell me it ain't right
You can't tell me it ain't right
When you love someone
