

Woman Is A Wonder

Maze

She'll be there all the time she's a comfort to your mind
She is true truly special indeed
She's a lover she's a friend she'll be with you thick and thin
She can be anything you need

A women is a wonder a women is a wonder
A women is a wonder of the world

Like the great china wall she's a rock that never falls
She is strong she can be so good to you
Give you children raise them too there ain't nothing she can't
do
And you know what I say is true

A women is a wonder a women is a wonder
A women is a wonder of the world

Who's the one who stands beside you
Through the sunshine and the rain
Who's the one who gives you lovin'
She knows how to ease your pain

A women is a wonder a women is a wonder
A women is a wonder of the world
A women is a wonder a women is a wonder
A women is a wonder of the world
