

Your Kind Of Way

Maze

Everyone most make there own kind of love
In there own kind of way
Your own kind of way is what you feel
You don't have ever make believe to your lover
Not to show you care be for real

Yes there times I miss you
And to simple hug and kiss you
In my own kind of way
My own kind of way is all I know
Please understand I must be who I am
And I hope that you won't let go

Everyone most make there own kind of love
In there own kind of way
Your own kind of way is what you feel
You don't have ever make believe to your lover
Not to show you care be for real
