## Disappear

Just because You call my name I cannot hear It's not the same You close your eyes And knock me back All the things that I had to have

And now you choose the thorny cave I can't believe what I had to say All the things you never say I'll never be what you want me to be

Now I can't disappear

Close your eyes and look at me I can't believe what I cannot see Everything is like you say Change your mind and you'll have to forgive

And I can't disappear Now I can't Now I can't
