

In the Kingdom

Mazzy Star

I took that train into the city
You know, the one that goes under the
I thought I was listening
To that pretty song that
Changed me

Hey, hey, hey
Hey, hey, hey

Walked up the stairs
The sunlight hit my face
See all the people just standing 'round
If all is right in the kingdom tonight,
You know your place and * time

Hey, hey, hey
Hey, hey, hey

I took that train into the city
You know, the one that goes under the
I thought I was listening
To this band play the song that
Changed me

Hey, hey, hey
Hey, hey, hey
