

## Lay Myself Down

Mazzy Star

Just like that, she follows me  
My wings are under her tree  
She says one thing and that's just enough  
It doesn't matter how much

Would I forget  
Laying myself down  
Just to regret  
And that's all  
Would I forget

I'll go away  
I'll never know how far, how long  
She keeps a diamond inside her door  
She don't have a clue

Would I forget  
Laying myself down  
Just to regret  
And that's all

Would I forget  
Laying myself down  
Just to regret  
And that's all

And that's all  
And that's all
