

## Across The Desert

MC Chris

She was just a baby  
17 ain't quite a lady  
You know she drives me crazy  
And I wish I never met her at all

Me and my crew in a passenger van  
Through wonderland with a mic in my hand  
Got the ladies on lock like Azkaban  
But I'm lookin for more than just a hardcore fan  
Jail baits in the house tonight  
Young girls gettin galvanized  
I would make a move but I'm not the type  
And I wish I never met her at all  
I don't mess with mosquitoes bites  
mc chris bring the beat to life  
She in the front givin me the eye  
I look away cuz I'm kinda shy  
Stood in line for too long of a time  
Just to say hi to a hell of a guy  
You hold me close and you tell me to smile  
And I wish I never met her at all

She was just a baby  
17 ain't quite a lady  
You know she drives me crazy  
And I wish I never met her at all  
[x2]

Months later and it's back to life  
No one knows me and it's kinda nice  
Going through pics for the mc site  
I see your face and it hits me right  
Up night staring at your gif  
I don't think I can handle this  
You cold bitch slap the chris  
And I wish I never met her at all  
We wanna run whenever I type  
For my life like entertainment tonight  
Got more realin it's a feelin that I'm tryin to fight  
And I do a good job until one faithful night  
It's Christmas Eve and I'm hangin the lights  
Comment on my blog say I'm outta my mind  
But the ringer made me laugh now I'm dyin inside  
And I wish I never met her at all

She was just a baby  
17 ain't quite a lady  
You know she drives me crazy  
And I wish I never met her at all  
[x2]

We start chattin on the AIM  
Souinds dirty that's the way I am  
I tell myself that we're just friends  
And I wish I never met her at all  
Prominent place on my myspace eight  
Look at your pictures on your myspace page

Cute blue cut with bohemian bangs  
And about a hundred freckles all over your face  
OBG if you know what I mean  
I see em both kissin on New Year's Eve  
I make believe that its not meant to be  
I can't help it she my density  
I start the pace and I make a mistake  
Start flirtin in a casual way  
Like maybe some day we'll end up engaged  
Fly her into Paris while I'm takin the stage  
Travel the world like Bill Gates and his wife  
Fixin every bodies problems like we're beings of light  
We'll nestle up together start namin the tykes  
And I wish I never met her at all
