

# First Date

MC Chris

Hey guys you ever fall in love?

When I first saw you and you looked into my eyes I knew, right then and right there that I had fallen head over heels.

That's when I knew I had to ask you out on a....what they call it Lee Majors?

Help me out. One time!

First date you're lookin' great tonight  
I think that I might take a chance tonight  
First date you're lookin' great toniiiiiiiight

Hold all the doors for you pull out chairs for you  
Nobody cares for you like I do, like I do  
Clip my nails for you chop off the tails for you  
Well I don't know you but I feel like I do

First date you're lookin' great tonight  
I think that I might take a chance tonight  
First date you're lookin' great toniiiiiiiight

I'll buy you popcorn I'll buy you coke  
We go outside and sniff a smoke  
I make a joke and you laugh like it's funny  
Girlfriend you're straight up money

First date you're lookin' great tonight  
I think that I might take a chance tonight  
First date you're lookin' great toniiiiiiiight
