

# I Want Candy

MC Chris

I want candy, bubble gum, and taffy  
Skip to the sweet shop with my sweetheart Sandy  
Got my pennies saved so I'm her sugar daddy  
I'm her Hume Cronyn and she's my Jessica Tandy, I want candy!

put it in a pile, split it with my bitty 50/50 down the line  
kinda like close encounters of the cavity kind  
im talkin liquorice kisses, talkin chocodile smiles

I want candy, i got a sugar tooth  
put on your shin gaurds, Sandy, 'cause i wanna knock boots  
lick my peppermint stick til' the lollipop droops  
gumdrop that dont stop til' its licked knot loose

(ladies)  
candy... candy...

i need candy bubble gum, and taffy  
get in my way punk, you're gonna get ya ass beat, nasty  
Do it till your dad sees, embarass your family  
Just 'cause you came between a kid and his candy  
I need candy, any kind'll do  
Don't care if it's nutritious or "FDA approved"  
It's gonna make me spaz like bobcats on booze  
A hyperactive juice that only I can produce

And fuel a giant drill, bore straight into Hell  
Releasing ancient demons from their sleep forever spell  
So they can walk upon the earth, and get resituated  
And Hock the diet pills that MC Pee Pants has created

I need candy, want some candy, eat candy til' I'm dead  
I'll kill you for some candy, give me candy, gimme head!  
Where you keepin' all the candy?!  
Who made you candy king?!  
If you dont give me some candy, I will make the ladies sing!

(ladies)  
Candy, in tha morning, candy on the way to school  
Candy, at school, at lunch in the afternoon  
Candy, in school, on your way home from school  
Candy, at diner,at dinner, in bed!
