

Crime Spree

MC Frontalot

Mc Frontalot: the arch criminal for some reason not
sought by authorities, though I been running wild for days
they's surely gonna track me down
I'm the #1 menace for miles around
with the littering, the loitering, the mattress tags
all the piratated mp3s I grabs all the cable I stole, certain b
athroom wall I wrote on
i'm so cruel & cold you put a coat on
i even cheat on my tax!
"from this life of crime there could be no turning back"
riding all around on my bike with no helmet, commit mail fraud
whenever I see a mailman
got a jaywalking ticket. I crumpled it up!
still bump the bootleg cause I'm hanging tough
crime spree that I'm on, breaking the law until the break of th
e dawn
then I'll break it again, then I'll break it some more
(mc frontalot you're so hardcore)
crime spree that I'm on, breaking the law until the break of th
e dawn
yo it seems like I break it all the time
(this mc led a life of crime)

harder than a criminal's supposed to be, most of the
FBI heard of this MC
called them up just to check, "this here's the frontalot and I
expect
that y'all are tracking me down, cat n' the mouse
gearing it up for some chasin' around,
i mean you name it I done it,
slandering, pandering, a couple hundred
uncleared samples I rock per track
FBI's like "we're busy, we'll call you back"
yeah, if you can find me! leave a trail violated statutes behin
d me
winding in an impossible wake, cause hard as I am
I don't think I could take
prison for even a day. "In that case you should live lawfully"
too late!
