

Forbidden Planet

MC Frontalot

I've seen a monkey trying hard to love a robot, yo
but all they ever do is fight to the death for your soul.
They're on a planet that I never meant to visit at all.
Got a sign on the wall – the decree: you don't go.

So come on, make your trespass, get your flesh fast
turned to dust by the death rays. These are the best days
of our lives: mad scientists with swirly eyes
