

## The Omg Skit

MC Frontalot

"Oh my god..." (coughs)

"You alright?"

"Yeah..."

"Oh my god! Are you MC Frontalot?"

"Wait a minute, wait wait... aren't \*you\* MC Frontalot?"

"Wow... it's almost as if I have no friends to record with  
Yet persist in creating a dialog hoping that stereo  
Separation, uh, will mask my inadequacies."

"Yeah, almost, it's almost like that. Say, aren't you the  
Rapper who was described by Spin magazine as the thinnest  
And most egalitarian of the Nerdcore crop?"

"No. No, Spin magazine has never mentioned me in any  
Capacity. But, wait, aren't \*you\* the rapper voted most  
Likely to succeed by the Los Alamos Shopper Weekly in  
Their 2003 round-up issue?"

"Uh, I think actually that you have me confused with...  
Another rapper, uh, or possibly the same rapper, but in  
An alternate universe. But, this reminds me, aren't  
\*you\*, in fact, the only rapper, \*the only\* rapper, who  
Has ever traveled through time to defeat cannibal  
Leprechauns using only your common sense and eight  
Dollars worth of twine?"

"Hardly, because, as you surely know, Gift of Gab has  
Done that very thing and wrote about it in his memoirs."

"I did know that actually."

"Well, I \*knew\* that you knew that."

"Well, of course you did, or do."

"Exactly."
