

# Sleepin' on a Master Plan

MC Hammer

Dah Dah Dah  
Sleepin on a master plan  
When ya sleepin, Yet I'm creepin, Ya see  
Check it out

Sleepin on a master plan, but yet and still  
I got skills to come hard like shaquille  
Check the grammar, Slow your roll, Here comes the quick flows  
Hammer too legit flows, They need us from the get go  
Uh, back in action  
Time for some rhymes, For some ends so my pockets'll be fattened  
Matter of fact, In a couple minutes i'll be paid again  
Another phat lp to be made again  
Hammer, Hammer, I am!  
Hype like mike, So you can say I'm the

Jam!

Smooth as satin concrete as stone  
Take my time to rock a rhyme, Once again it's on  
Take two, One two three different mc's  
They really can't see me

Who?

You can't touch this, So rush this oh slow temp flow  
MC Hammer, Untouchable mental flow

I'm too legit to stop, I got more flows to kick

I kicks it, I gets wicked like that and this

It's so many things that's confusing  
Ya diss, Ya losin, Ya don't know the different flows I be using

So uh

Remember, Timber is filmed down  
It's time to let em know hammer's comin back around  
So knock knock to the boogie ya don't stop  
I got a couple more lines to drop  
On the one

Too many underestimated

On the two

They can't believe what I created

Am I smooth?

I don't think so

And that's too real

Can ya feel it?

I drop hits like holyfield

Damn

Take my time before I start composing  
It's like this, It's like this is how it goes and  
Now ya know whenever ya seein the hammer rollin  
Bet he roll, Hold I roll rollin through oakland, Oakland

Now

I done seen a lotta people go from one to ten

Really dough

Hammer'll wreck it from beginning to end  
Comin direct, Check yourself or get checked  
Step, I kicks back and I collect  
I recollect, That my technique is tight  
It's unknown what the average mc might write  
I'm ice colder, So diss at me, You're going under  
Believe me, Ya man ain't stevie so don't wonder  
I hammer mc's for tryin to go against this  
Me against no six, Or face the consequence  
For tryin to get in my position

For all those who're essential, so  
To all y'all backwards untalented unactive wanna be hard rap stars

Now is this too much?  
The fact that they can't touch this

I'm unmatched, Never mediocre  
Tell batman hammer's loonier than joker  
Uh, So quick to jump up  
That macker fama lama hammer grammar'll have things pumped up  
Fool, I thought you knew

What else would you expect from a g that's kickin game to you?

It's like one two, I'm pretty sure you can't tell it's dope  
You try to diss but couldn't see me wit a telescope

Sleep wit it, Sleep wit it  
Keep sleepin on a master plan
