To get with me, you can't hang  
Doin' it like this, I'm in with a bang  
Goin' boom like thunda, and you wonder,  
How in the world can the Hammer be underneath me?  
He's gonna beat me, say yes to the master and I will teach thee

Turn this mutha out

Hammer, tell 'em how you came up babeeee!

I was a student, now I'm the teacher,  
I was a member, now I'm the preacher,  
I was a worker, and you were the boss,  
Now I'm gettin' paid and you're takin' the loss  
Once says stop, the other says flee  
No, don't perpetrate M.C. Hammer is the feature  
Step off, you punk, no fear, I'm M.C. Hammer and I came here to...

(chorus)  
I'm improvin', better start schoolin'  
Headed to the top where I'll be rulin'  
On top, of hip-hop, I'm in effect and you're not  
Your records aren't cool, your shows are weak  
Duel with the Hammer and meet defeat

Every night, every week,  
I'm comin' correct, you don't want none of me.

(chorus)

I keep hearin' what you sayin'  
"Yo Hammer, we knowin' New York's on the wayin'"  
I don't care where you from,  
I make most look silly, and others look dumb  
Yeah suckas, you should, run,  
I am, def on the stage, pumpin' at the club  
Hammer is an eagle, and you a dove

Takin all comers, whoever want to get some

Don't worry, I'm in tact  
Whatever I say, the Hammer will back  
Twice as strong, It's goin' on
