

# Geeked Out

MC Lars

This is a song for the geeks of the world.  
Quincy, can you please pass me that Norton Utilities  
manual?

Though we once got dissed for our thick frames,  
Now we get more play than Rick James  
2005, baby. Yo, the nerd is back.  
We're smart, paid, sexy and that's a fact.

Fabio who? That's right, shut up.  
Can't defrag a Mac while he does push-ups  
Still don't believe me? Well, I hope this helps...  
Who's got more gold? Bill Gates or Michael Phelps?

Johnny Quarterback's glory days would never last  
He got his girl pregnant and now he's pumping gas.  
While the kid he once dissed hung out in his garage  
Now he runs Macintosh and his name's Steve Jobs

Not to simplify matters, but think about this:  
A nerd will use his mind, bullies use their fists  
Stop hating on us just because smart  
Sing along to my song, that's a very good start.

Get your geek on, baby  
For what it's worth  
The first shall be last  
And the last shall be first  
Proud to be a brain  
Brain a, reversed  
'Cause the geeks shall inherit the earth

Get your geek on, baby  
For what it's worth  
The first shall be last  
And the last shall be first  
Check, check the base cosine inverse  
'Cause the geeks shall inherit the earth

"I never knew the brain could be so sexy..."  
"Just wait until I show you my Star Wars sheets  
we can ride the Millennium Falcon of Love."  
"Ooh, MC Lars..."

Check it out, here's a story of a kid from California,  
Fifth grade disgraced, I thought I might warn ya  
Binator, retainer, dissed by sixth graders  
Kids yelled "nerd!" dark like darth vader

Weird Al fan, eleven forever  
Not the best catcher, but computer clever  
Eighth grade, online, internet addicts  
IRC, motorola habit

HTML, seventh grade, website  
Jerky Boys fan page, coding all night.  
Gameboy Advance, Mario Kart

Wesley Willis and Outsider art.

Writing music plugged in with that Digi Mini patch  
Tweaked out turn tables, learning how to scratch  
Couldn't be nerdier if he tried  
'Til he wrote a funky song, all about geek pride

Get your geek on, baby  
For what it's worth  
The first shall be last  
And the last shall be first  
Proud to be a brain  
Brain a, reversed  
'Cause the geeks shall inherit the earth

Get your geek on, baby  
For what it's worth  
The first shall be last  
And the last shall be first  
Check, check the base cosine inverse  
'Cause the geeks shall inherit the earth

If you're geeked out, freak out, speak out  
Proud to be a brain? Tell me what's it all about.  
If you're geeked out, freak out, speak out  
Proud to be me? Tell me what's it all about.

Don't be afraid of your intelligence.  
Because that's awesome!  
Okay?  
We don't need anyone telling us what's cool  
And when they ask the eternal question why,  
Tell them Lars sent ya.

Get your geek on, baby  
For what it's worth  
The first shall be last  
And the last shall be first  
Proud to be a brain  
Brain a, reversed  
'Cause the geeks shall inherit the earth
