Beyond The Hype

I am back on the scene I'm takin' it to the extreme New plan, I've been schemin' Raw type stuff, I know you've been feedin'

Waitin' for such a long time For MC Lyte to drop another dope rhyme Well, I deliver as quick as you call my name I'm beyond the hype, beyond the fame

So now, I prove to you That I can shake you, groove you and move you too I am too much to bear To touch and then share

Once you've had one taste, one touch, one bite All you want is MC Lyte And I deliver as quick as you call my name I'm beyond the hype, beyond the fame

We got to try to move beyond, I'm comin' We got to try to break on through, to the extreme We got to try to move beyond, beyond the hype We got to try to break on through

Can't you see I'm beyond the hype And all that type of jazz and pizazz I'm into reality Forget the fantasy, this is me

Beyond the hype, so don't believe What you read, 'cause they'll deceive So now I come to you Telling no lies, the truth is in my eyes

Unlike the broadcasters on the news Who try to tell you the don'ts and the do's The media blows things out of proportion The public's eye proceed with caution

It's a dog eat dog world But we'll be alright All we gots to do is stick together And move beyond the hype

We got to try to move beyond, I'm comin' We got to try to break on through, to the extreme We got to try to move beyond, beyond the hype We got to try to break on through, beyond the hype

We got to try to move beyond, I'm comin' We got to try to break on through, to the extreme We got to try to move beyond, I'm comin' We got to try to break on through

You must trust when I say I'm here to stay And believe I'll never leave

Haste makes waste The track is all that so pick up the pace

Forget the rumors, gossip, shit talk Besides that's old news and that can walk I'm beyond that, you are also Release the negative vibe and let it go

So now I come to you Bearing gifts that certainly uplift From coast to coast, Midwest, I'm the most But still not on a high post

I'm comin', just call my name
Beyond the hype, beyond the fame
'Down to Earth', I'm just that type
To take you and move beyond the hype

We got to try to move beyond, beyond the hype We got to try to break on through, to the extreme We got to try to move beyond, I'm comin' We got to try to break on through, I'm comin'

We got to try to move beyond, I'm comin' We got to try to break on through, I'm comin' We got to try to move beyond, I'm comin' We got to try to break on through, beyond the hype

I'm comin', I'm comin', I'm comin' To the extreme Beyond the hype, beyond the hype
