

## Search 4 The Lyte

MC Lyte

Within the depths of this infinite community  
Emerges Lyte

One by one they fall in the darkness  
I'm glad that I could take part in this  
And I'm hoping that you just might  
Get together and search 4 the Lyte

Finding the Lyte means happiness  
It's the best and nothing less  
So I'm waiting at the end of a tunnel  
Where happiness comes in bundles

But it takes time to get to the Lyte  
To get in the Lyte, to be with the Lyte  
And I'm hoping, that you just might  
Get together and search 4 the Lyte

How you get there is the question  
Honesty is my suggestion  
But first you must be awakened  
If you say you are, you're faking

One who has seen the Lyte doesn't have to prove  
That they've been moved  
They just let it be, let it rest  
For that is the mental test

Within this, there's so much happiness  
Sort of like lasting moments of bliss  
Everyone wants to be so happy  
Let me explain my theory

Some type of grief you must experience  
In order to appreciate happiness  
Cause if you are always satisfied  
Life will just pass by, you would've never tried

To get to the Lyte, to get in the Lyte  
To be with the Lyte, to go see the Lyte  
And I'm hoping, that you just might  
Get together and search 4 the Lyte

If you are not ready the Lyte can be blinding  
And not worth finding  
So for this you must prepare  
Stay awake, wake up, stay aware

There are so, many distractions  
Those that see the Lyte, just a fraction  
Those that don't, remain blinded  
The Lyte is there, they can't find it

One by one they fall in the darkness  
And it's sad, to take part in this  
But I'm hoping, that you just might  
Get together and search 4 the Lyte

Now finding the Lyte is what's so difficult  
And you can bet, that the results are  
Splendorous, wonderful, yeah  
What wouldn't you do?

'Cause once you've seen the Lyte, been with the Lyte  
Got to the Lyte, got in the Lyte  
I know that you just might  
Never ever wanna leave the Lyte
