

You know they say that life is not fair  
But I've also heard that everybody makes their own destiny  
I guess that's why God everybody free will  
So many choices  
That we all have to make in this life  
And I know we don't spend a whole lot of time in this earth  
But I do know  
That everyday that passes  
It's a day gone forever and it's never coming back  
But love...  
That's a whole different thing  
Sometimes we get attached  
And no matter how hard we try  
We just can seem to get away

I would give you my soul  
Forget them lies they been telling you  
I never wanna let you go  
(Never ever)  
Said I would give you my soul  
Forget them lies they been telling you  
I never wanna let you go

C'mon C'mon  
Her name is Guera only 14 with problems at home  
The only person that she trusts is the man that she loves  
He tells her beautiful things and kisses her so right  
She runs away to live with him and his family then come the fights  
To make things worse she's got that morning sickness thing  
Oh damn! nobody planned it but the baby is on the way  
He starts to yell get abusive  
Guera! how can you do this things  
This baby is just gonna kill my boxing dreams  
He wants abortion she refuses  
But they still live together  
Until she gets arrested, put away, in September  
Now pregnant, in jail and loosing her mind  
Cuz he don't care he don't visit he wont even write

I would give you my soul  
(But she still loves him)  
Forget them lies they been telling you  
I never wanna let you go  
(She never wants to let you go, never wants to let go)  
Said I would give you my soul  
Forget them lies they telling you  
I never wanna let you go  
(She never wants to let you go, no. she never wants to let you go)

Takes the pen to the paper writing down what she feels  
Love, hate and desperation  
Like words that can kill  
Close my eyes and pray  
Please change your ways how many times did I cry  
I see you in my babies' eyes  
I'll do more than you've ever done  
But now it's all for her

Cuz now she's number 1  
You were sick I was there  
When I was down you didn't care  
You said I'll I do is yell  
But if I don't you won't hear  
You always had your way even to this very day  
But the love you threw away will cost you big one day  
I'm trapped in love with someone who won't even look at me  
So I'm beggin to the Lord, "God help me please"

I would give you my soul  
Forget them lies they been telling you  
I never wanna let you go  
Said I would give you my soul  
Forget them lies they been telling you  
I never wanna let you go
