

# The Only Kiss

MC MAGIC

The only kiss I ever need, it comes from you.  
I always love you in my dreams, then you came true.  
The only lips I wanna kiss, belong to you,  
Cause there ain't nobody else like her,  
In this world. this is why I need u baby girl!

When we first went out together we barely knew each other,  
But in no time at all we were messin up the covers,  
Kissing every where at anywhere like secret lovers,  
I knew from that day there will never be another,  
And this is why I dedicate you my life.  
So we can be together til the sun don't shine,  
And we can show the world nothing will come between.  
To be without you girl I'd rather not breath.

Hey Girl! In your eyes I see the diamonds in the sky,  
The kisses from your lips are like strawberries in a way.  
The sweet smell of your perfume,  
We on the phone makin plans for when daddy comes home,  
I know it's been long, I know I've been gone  
But honestly, I wanna thank you  
For your loyalty and that's why I spoil you  
And treat you like royalty, baby your the world to me

The only kiss I ever need, it comes from you.  
I always love you in my dreams, then you came true.  
The only lips I wanna kiss, belong to you,  
Cause there ain't nobody else like her,  
In this world. this is why I need u baby girl!

I need you mamacita y tu sabes la verdad  
I love it when you tell me I'll always be the one  
That ever since you met me your life is not the same  
And when were not together, theirs like an empty space  
I feel the same and I can't hide the feelin'  
Like I'm in Vegas and I finally made a killin',  
So tell the world I'm never gonna let you go,  
And I'm a love you until your heart beats no more  
My heart will never stop, for you, for you I'll never stop  
I miss your love, your kisses like a cherry drop  
See I'm a rida, and ridaz never ride alone  
So trust me baby, come and let me take you home  
I know you waitin', I'm tellin' you I'm here to stay  
Let's come together, together we will never part  
Just say I do girl I'll love you with all my heart The only kiss I ever need  
, it comes from you.
