

I'm Getting tired of asking,
This is the final time,
So did I make you happy?
Because you cried an ocean,
When there's a thousand lines,
About the way you smile,
Written in my mind,
But every single word's a lie.

I never wanted everything to end this way,
But you can take the bluest sky and turn it grey.
I swore to you that I would do my best to change,
But you said it don't matter,
I'm looking at you from another point of view,
I don't know how the hell I fell in love with you,
I'd never wish for anyone to feel the way I do.

Is this a sign from Heaven,
Showing me the light?
Was this supposed to happen?
I'm better off without you,
So you can leave tonight,
'N don't you dare come back and try to make things right,
'Cause I'll be ready for a fight, yeah.

I never wanted everything to end this way,
But you can take the bluest sky and turn it grey.
I swore to you that I would do my best to change,
But you said it don't matter,
I'm looking at you from another point of view,
I don't know how the hell I fell in love with you,
I'd never wish for anyone to feel the way I do.

I never wanted everything to end this way,
But you can take the bluest sky and turn it grey.
I swore to you that I would do my best to change,
But you said it don't matter,
I'm looking at you from another point of view,
I don't know how the hell I fell in love with you,
I'd never wish for anyone to feel the way I do.

And you said, and you said, and you said,
(I don't)
And you said, and you said, and you said,
(Don't)
And you said it don't matter.
(I don't)
And you said, and you said, and you said,
(Don't)
And you said, and you said, and you said,
(I don't)
And you said it don't matter.
(I don't)
And you said, and you said, and you said,
(Don't)
And you said, and you said, and you said,
(I don't)

And you said it don't matter.

And you said, and you said, and you said,
And you said, and you said, and you said,
And you said it don't matter.
