

## She Falls Asleep - Part 2

Mcfly

She falls asleep and all she thinks about is you  
She falls asleep and all she dreams about is you  
When she's asleep the air she's breathing is for you  
Are why she wants to live  
She's not got that much more to give

She sits alone, on her phone  
She's calling about her broken home  
And I don't know what I should say cause she's crying  
And feels as though she's thrown it all away  
She won't last another day

You're climbing the stairs, unaware that she's hurting  
Bad and lying very still on the floor by the door  
But it's locked 'cause she was hoping  
You would come back for more  
But it's too late to realize you've made mistakes

She falls asleep and all she thinks about is you  
She falls asleep and all she dreams about is you  
When she's asleep the air she's breathing is for you  
Are why she wants to live  
She's not got that much more to give

Please save me  
I've been waiting,  
Been aching for too long

She falls asleep and all she thinks about is you  
She falls asleep and all she dreams about is you  
When she's asleep the air she's breathing is for you  
Are why she wants to live  
She's not got that much more to give

Please save me
